Subject: Softing IT Networks WireXpert™ Approval

Dear Thomas,
Effective immediately, **Reichle & DeMassari AG** is pleased to announce the approval of the Softing IT Networks WireXpert 4500 & WireXpert 500 testers. This approval is based upon evaluation of the WireXpert versus network analyzer by **our in-house** Labs.

WireXpert is approved for use in both Permanent Link and Channel certification testing with all of our Category 6A/Class EA, Category 6/Class E and Category 5e/Class D system warranties according the relevant ISO, EN and TIA standards.

The following configuration of WireXpert is required.

WireXpert firmware version 7.x or higher
eXport™ software version 7.x or higher

Channel testing for Category 6 A/Class EA, Category 6/Class E and Category 5e/Class D	WX_AD_6ACH2 - pair of CAT 6 A channel adapters
Permanent Link testing for Category 6A/Class EA, Category 6/Class E and Category 5e/Class D	WX_AD_6ALKIT2 – pair of CAT 6A permanent link kits: each consisting of a CAT 6A permanent link adapter WX_AD_6ALINK1 and a Permanent Link test cord WX_AC_6ALCORD

Please note: This approval is based upon the revised and improved PL test cords in production from the below date. All test cords prior to this date are not recognised by Reichle & DeMassari

- PL Test Cords Part number: **PSI-TZ-02M**
- Date stamp from: **06/08/12-xx**

Sincerely

Andrew Sedman
Head of Technical Support & Training
